Ver5 (2 Sep 21)

CRICKET NSW

APPLICATION

These Supplement Playing Conditions shall apply to all matches in NSW Premier Cricket and Shires Competitions.

LAW 4.2.2 (THE BALL)

- a) At the taking of a wicket, or at any interval for drinks, the player who last fielded the ball will be responsible for placing it next to the stumps at the end of the pitch where the next ball/over will be bowled.
- b) At the conclusion of the session, or if play is suspended for ground, weather, light or any other reason, the fielding captain shall place the ball in a plastic bag carried by an umpire and provide it to an umpire to maintain the integrity of the ball.
- c) The umpires shall sanitise the ball if at any time it comes into contact with a non-participant.

LAW 8.1 (THE WICKETS)

- a) Each umpire shall be responsible for the maintenance of the set of stumps at their end of the pitch prior and during the match.
- b) Each umpire will be required to set up the stumps at their end prior to the scheduled start of play.
- c) The match stumps are not be used for the purpose of player warm-ups.
- d) Umpires shall sanitise the stumps and bails when they change ends or at any other time during the match as required.

LAW 13 (THE INNINGS)

Law 13.1 (The Toss)

- a) At the coin toss, each umpire and both captains must maintain physical distancing requirements with the umpire to supply their own coin and be responsible for the toss of the coin. The away team captain shall call.
- b) Physical team sheets shall be used and be available for perusal at the toss. Prior to the toss each captain shall show the opposing captain and the umpires the team sheet for their team. An umpire shall take a photograph of both team sheets prior to the toss. The umpire shall keep the photograph of both team sheets until the end of the season. It is an option for either captain to take a photograph of the opposition team sheet. Each captain shall retain their team sheet for the duration of the match.

LAW 41 (UNFAIR PLAY)

41.3.1

Should the umpire need to inspect the ball, the fielding captain shall be instructed to present the ball to the umpire who will then visually inspect the condition of the ball. Should any repair work be required, or the umpire wishes to further inspect the shape of the ball, they may undertake this work personally. However, umpire(s) should sanitise their hands immediately before and after completing the work on the ball.

41.3.2

It is an offence for any player to take any action which changes the condition of the ball.

Except in carrying out their normal duties, a batter is not allowed to willfully damage the ball other than, when the ball is in play, in striking it with the bat.

A fielder may, however:

- a) polish the ball on their clothing provided that no artificial substance is used and that such polishing wastes no time.
- b) remove mud from the ball under the supervision of an umpire.
- c) dry a wet ball on a piece of cloth that has been approved by the umpires.

Saliva must not be used to polish cricket balls (or any other equipment). Sweat from the face, neck or arms must not be used.

41.3.6

If the umpires believe that saliva or sweat from the face, neck or arms has been applied to the ball, the umpires shall:

- a) If it is a first instance during an innings, summon the captain of the fielding side and issue a first warning.
- b) If it is a second instance during an innings, summon the captain of the fielding side and issue a second and final warning and warn the captain of the fielding side that any further such offence by any member of the team during the innings shall result in the award of 5 Penalty runs to the batting side.
- c) If it is a third or subsequent instance, award 5 Penalty runs to the batting side.
- d) The ball shall not be changed, but the umpires shall wipe the ball with a microbial cloth.

STORAGE OF EQUIPMENT DURING PLAY

1) Bowler fielding on the boundary

At the conclusion of the previous over, the new bowler may place their equipment, that would normally be provided to the umpire (hat, sunglasses, vest etc.), over the nearest boundary point to where they are currently fielding. The equipment may be collected by the individual at the completion of the over. The process may be repeated until the end of the bowler's spell.

2) Bowler fielding in the infield

- a) At the conclusion of the previous over, the new bowler, currently fielding in the infield, can undertake either of the following actions (whichever is the quickest option);
 - i) Place their equipment, that would normally be provided to the umpire (hat, sunglasses, vest etc), on the ground directly behind the wicketkeeper (like a fielder's helmet). The bowler is responsible for the storage and collection of

the material from this area. Should the ball strike this equipment, that would normally be provided to the umpire (hat, sunglasses, vest etc), during play, the ball shall remain in play and play shall continue.

- ii) Place their equipment, that would normally be provided to the umpire (hat, sunglasses, vest etc), over the nearest boundary point to the end they are bowling from.
- b) At no stage shall the umpire be required to hold/handle the players' equipment during the match.

Wicketkeeper/Fielder's Helmet

No change from the normal playing conditions and laws of cricket around the storage of equipment on the field. However, everyone is responsible for the carrying of their own equipment to and from the normal storage position.
