## MEMBER BUSINESS DIRECTORY

2020 has been a difficult year in many ways for people and communities across New South Wales and beyond.

As an Association, we always aim to do our best to look out for and support all our fellow members.

The creation of this business directory provides members with the opportunity to further engage with and support their fellow members, building on the strong Association spirit that continues to grow.

This directory contains details of a number of members offering a wide range of products and services.

Additionally, some members are able and willing to offer discounts to their fellow members - these are designated by the NSWCUSA logo throughout the listings.

We anticipate that the Business Directory will be updated and circulated annually to ensure an up to date reference point for members.

We hope you find this first edition of the directory useful and we look forward to seeing the document grow in the years to come.
